

We are a local company based in Torbay that can help you to give your guests the best possible Child Friendly service... We are offering you the chance to become a Child Friendly Products Accommodation Partner. This is a completely FREE service offered only to our Accommodation Partners:

- Simply pass our **Freephone Customer service number** to your guests and we will help them to find any Child Friendly Products that they need for their holiday. This could be holiday beach products such as buckets and spades or perhaps other child friendly essential products such as bottle warmers etc. If we do not have the product that they want in stock, we will do our very best to find an alternative.
- We encourage you to pass on our online Holiday shop link to your guests before their holiday – perhaps via email when you send out their booking confirmations? This would give them plenty of time to plan their visit and work out what Child Friendly Products they might need for their holidays.
- We will ensure that they have this waiting in their Accommodation when they arrive for their holiday – or if they are already on their holiday when they call us, we will endeavour to drop off the products at their accommodation within 24-48 hours of the call.
- As our Accommodation Partner you will receive 10% commission of any sales that are made by your guests.
